

# DATA LIES AI AMPLIFIES

The Critical Skills Gap Blocking AI Success

## THE IMPORTANCE OF DATA

For IT PROFESSIONALS USING AI:  
including Engineers, Developers,  
Analysts, IT Product & Project  
Managers, IT Architects and  
IT Business leaders

Presented by:

AI POLICY CONTRIBUTOR

**Edmund J Sutcliffe**

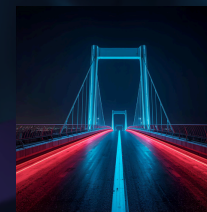

**GURU**TEAM  
specialist ICT learning

Data Lies - Poor quality, biased, or incomplete data

AI Amplifies - Machine learning systems scale these problems exponentially

Skills Gap - Lack of expertise prevents identification and resolution

**GALWAY 13<sup>th</sup> Oct @ 6 - 8 PM**

ITAG Forum, CREW Digital  
Wellpark Rd, H91 8K85
